

KINDER HAUS HAPPENINGS

Celebrating in the Son!

August Themes:

- ◆ OT Stories– Moses
- ◆ Transportation– things that go
- ◆ Kinder Haus Olympics
- ◆ Circus
- ◆ Minnesota State Fair
- ◆ Garden produce

The stories of Moses have taught us a lot about how God takes care of His people. He calls us: some to be leaders, all to follow Him. He gives us all we need. Listen to the children tell these stories and sing God's praise. A video will again be part of the display for church. We continued the story with the Ten Commandments. We talked about following rules, sin and forgiveness.

Our feet help us go on land. Other things that go on land have wheels. We rolled objects through a long tube and we found that triangles and squares don't roll very well. We sang our circle shape song. We sailed a boat in water. We learned things must float to go in water. We pretended to fly like airplanes.

 We played many games during our Olympics week. We played softball, bean bags, bowling and volleyball. We played team volleyball with a beach ball over the fence: Kinder Haus vs. Kinder Haus II. Result– all are winners! We did many things with the Olympic rings. We played ring toss, we did a color match game, and we found all 5 colors on a walk. We talked about why those are the colors of the rings. Do you know?

The rings continued during circus week. We put up the tent on Monday with the help of our elephants. We each made an elephant ear hand band. Clowns came dressed for fun on Tuesday. We continued with lion taming and listening. We matched animal heads with their bodies. We had fun building wacky animals.

 In August we found that seeds grow and produce abundant fruit, if they are in good ground and tended to well. We shared garden produce like peas, green beans, cucumbers, corn, green peppers and broccoli! We are thankful for all these wonderful foods. God has made us like the earth, where seeds of faith grow and give birth to fruits of faith that we can share with all God's people everywhere.

The last week of August we will do Minnesota State Fair. We will learn about the state in which we live and have some fair fun. Watch for projects on display.

Thank you for your support! We ask for your continued prayers. God bless you.

In His Service,
Jeanne Holten, Director
and Cindy Wiederhoeft
